## We are grateful.

We believe that there's noise within each and every one of us. A burning flame that's constantly pushing us to do everything possible to follow our passions.

Our goal has always been to give you wonderful products equipped with the latest technology that bring out the best in you. We hope we can be an able companion in your journey towards making all your dreams come to life.

Thank you for choosing our product, and a very warm welcome to the Noise family.

### FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
 -Reorient or relocate the receiving antenna.  
 -Increase the separation between the equipment and receiver.  
 -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
 -Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC ID:2AXPW-MD075  
 Model No.:MD075

BACK

### POWER ON & OFF

The earbuds will automatically turn on when you open the charging case.  
 The earbuds will automatically turn off once placed inside the charging case with the lid closed.

### PAIRING

Open the charging case.  
 Turn on the Bluetooth of your device.  
 Select 'Add Device', and from the list of devices, select 'Noise Buds UNO'.  
 Your Noise Buds UNO are now paired with your device and ready to use.

### RESET

Make sure your earbuds are fully charged.  
 On your paired devices, delete/remove Noise Buds UNO from the list of paired devices in the Bluetooth menu.  
 Take out the earbuds from the charging case.  
 Long press both earbuds for 10 seconds.  
 The LED will blink 3 times and a voice prompt saying "reset" will indicate earbuds have been reset.  
 Place the earbuds inside the charging case and repeat the pairing process.
