Proposed FCC ID Label Format

E-Label

Packaging Label

Meter Info
Model: A0381
FCC ID: 2AXRY-UBSPTKR
IC: 26613-UBSPTKR

PETRACKR System mg/dL NA	
	
S/N:XXXXXXXXXX	
	
LOT:XXXXXXXXXX	
MFG: YYYY-MM-DD	FCC ID:2AXRY-UBSPTKR
LFS P/N:02433501 AA	IC:26613-UBSPTKR
UBS ITEM NO.:95102	
MODEL NUMBER:A0381	Made in China

Specifications: Users must be able to access the regulatory information without requiring special access codes or permissions, and in all cases the information must be accessible in no more than three steps from a product's main or home menu. Products must not require special accessories or supplemental plug-ins (e.g., the installation of a SIM/USIM card) to access the information. The FCC ID or other information must be displayed electronically in a manner that is clearly legible without the aid of magnification. Both regulatory information and dedicated exclusive application(s) or script(s) must be secured and implemented in a factory-set-unalterable format. When e-labeling is used, a physical temporary label is also required on the product, or a label on the packaging, at the time of importation, marketing, and sales. The physical label can be a summary version of the required regulatory information, such that the product can be identified as complying with the FCC's equipment authorization requirements, etc.

The way to view the e-Label: 1. Go to the Settings screen; 2. Select the Meter Info tab; 3. Once in the Meter info tab, scroll to view the FCC ID is on the screen.
