 Both Transmit Power: 4 dBm EIRP

the Works with Apple badge means that a product has been designed to work specifically with the technology identified in the badge and has been certified by the product manufacturer to meet Apple Find My network technical specifications and requirements.

Apple is not responsible for the operation of this device or use of this product in compliance with safety and regulatory standards.

other countries. IOS is a trademark or registered trademark of Cisco in the U.S. and other countries and is used under license.

Seek immediate medical attention if a battery is suspected to be swallowed or inserted inside any part of the body.

- Call a local poison control center for treatment information.
- The tag contains a CR2032 button cell or coin battery with a nominal voltage of 3 V.
- Non-rechargeable batteries are not to be recharged.
- Do not force discharge, recharge, disassemble, heat above 45°C or incinerate. Doing so may result in injury due to venting, leakage or explosion resulting in chemical burns.
- Ensure the batteries are installed correctly according to polarity (+ and -).
- Remove and immediately recycle or dispose of batteries from equipment not used for an extended period of time according to local regulations.
- Always completely secure the battery compartment. If the battery compartment does not close securely, stop using the product, remove the batteries, and keep them away from children.

INGESTION HAZARD:
This product contains a button cell or coin battery.
