3. with aroma function
- 4.with big capacity , suitable for most 7 inch mobile phone, pad, watch and jewelry
5. safe,automatically turn on self -sterilizing function

#### **How to use:**

**disinfection function:**

Step 1: Plug USB cable to the cleaner DC Input, and connect to an adaptor (5V/4A) to get power,It will fast flash red led three times,then always light steady red color led for the wireless charging indicator.

That means sterilizer is ready and the wireless function is ok

Step 2: Put phone or accessories into the cleaner box and close the lid, the working indicator light green, the indicator light automatically off after 6 mins,means the disinfection is finish. If you want disinfection again ,you need to reopen and close the lid again

**fragrance and disinfection function at the same time:**

Step 1:Drop a few drops of essential oils which your like into the sponge. (there have 10pcs sponge let you replace)

Step 2: Put phone or accessories into the box and close the lid.

Step 3:Press aromatherapy button to start, ,the working indicator light blue and green mix ,6 mins later disinfection stop the lights turn to blue only , the aromatherapy keep going on , then after the 4 more mins later the blue light off .and your device disinfected and smells very wonderful

**Note:** Please do not open the lid when Sanitizing, the U----V lights will be off automatically when the lid opened to protect you from U----V rays.
