SETTING UP YOUR SMART WATCH

Pair With Your Phone

For your last experience, we recommend using the latest version health app for iOS and Android.

For iOS 12.0 or above

For Android 7.0 or above

1. When the app is installed, open it and follow the instructions that help you create your account, or login to your existing account.

2. Your account sets for information such as height, weight, and gender to make various calculations and tailor your experience using the app. You can modify your information in oraimo health-Account-User.

3. Try turning it off and on again the BT switch on your phone.

4. Follow if new work, try reconnecting your phone and the watch, and repeat the above steps.

5. After pairing with your phone, read through this manual to explore the various function and get ready getting with the phone.

Scan the QR code to pair:

1. Open the Health app on your phone.

2. Tap on the QR code to scan.

3. Tap on the QR code to scan.

Use oraimo health app to scan the QR code on the watch:

1. Open the Health app on your phone.

2. Tap on the QR code to scan.

3. Tap on the QR code to scan.

BT CALLING

Before pairing your phone and the watch for the BT Calling function, make sure the BT for call on the watch is switched on.

1. Press the home button to enter the main menu. Tap the phone icon to switch on the BT for the call on the watch.

2. Tap on the phone icon to switch on the BT for the call on the watch.

3. Tap on the phone icon to switch on the BT for the call on the watch.

In iOS

GETTING TO KNOW YOUR SMART WATCH

Wrist Placement

For all-day wear, your watch should usually rest a finger's width below your wrist bone and by fit, as you would normally wear a watch.

Charge Your Watch

Connect the metal contacts on the charging dock to those on the back of the device, then put them on a flat surface.

Connect the charging cable to a power supply, the device's screen will light up and display the battery level.

Power On/Off

When the watch is powered off, please connect it to the power and press the Home Button for 3 seconds to power on the watch.

Wake Up the Watch

When the watch is powered off, please connect it to the power and press the Home Button for 3 seconds to power on the watch.

Wake Up the Watch

When the watch is powered off, please connect it to the power and press the Home Button for 3 seconds to power on the watch.

Is the product waterproof?

The product has a waterproof rating. You can wear it while washing hands or washing the car. However, please do not wear it while swimming or showering.

Do not need to connect BT all the time

When the watch is powered off, please connect it to the power and press the Home Button for 3 seconds to power on the watch.
