Declaration concerning Frequency Bandwidth Allocation (VisioNize® pipette manager)

To Whom It May Concern,

We, Eppendorf AG, Barkhausenweg 11, 22339 Hamburg, Germany, hereby declare that the Eppendorf product "VisioNize® pipette manager" only uses the 2.4 GHz WLAN with a bandwidth setting of 20 MHz. The pertaining module is RS9116N-DB00-CC1-B00.

All other transmitters (BT, BLE, Zigbee, 5G WLAN) are disabled via software.

Sincerely yours,

Lutz Metterhausen
Head of Global Regulatory Affairs
