

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A black, ruggedized electronic device, likely a trail camera, is shown from the front. It features a small LCD screen at the top, a lens in the center, and a circular flash or sensor below it. A black antenna is attached to the top. The device is placed on a blue surface next to a black ruler with white markings. The ruler shows measurements in centimeters and millimeters.
EUT View 2	 The back of the black ruggedized device is shown. It has a textured, protective casing. A label on the back reads "GardePro", "16 Trail Camera", "www.gardepro.com", and "Made in China". A black antenna is attached to the top. The device is placed on a blue surface next to a black ruler with white markings.

EUT View1

EUT View 2	 A photograph showing the back of a rugged, black electronic device. The device has a rectangular shape with rounded corners and a textured surface. A small antenna is visible on the top edge. A black label with white text, including 'FC', 'CE', and a recycling symbol, is located near the bottom center. The device is placed on a blue background next to a black L-shaped ruler with white markings in centimeters and millimeters.
EUT View 3	 A photograph showing the front of the same rugged, black electronic device. The device has a rectangular shape with rounded corners and a textured surface. Two circular lenses or sensors are visible on the front face. The device is placed on a blue background next to a black L-shaped ruler with white markings in centimeters and millimeters.

E9

EUT View1	 A photograph showing the front of a black, ruggedized trail camera. The camera has a lens in the center, two smaller circular lenses below it, and a small display screen at the top. A black antenna is attached to the top. The camera is placed on a blue surface next to a black ruler with white markings. The ruler shows measurements in centimeters and millimeters.
EUT View 2	 A photograph showing the back of the same black trail camera. The back is mostly plain with some mounting points. A small label is visible on the back, which reads "GardePro E9 Trail Camera", "www.zoipudi.com", and "Made in China". The camera is placed on a blue surface next to a black ruler with white markings, similar to the first view.

P80 Pro

EUT View1	 A photograph showing the front of the P80 Pro device. The device is a rugged, olive-green, rectangular unit with a black antenna on top. It features a large lens in the center and a smaller lens below it. The device is placed on a blue surface next to a black ruler with white markings. The ruler shows the device is approximately 100mm wide and 60mm high.
EUT View 2	 A photograph showing the back of the P80 Pro device. The device is a rugged, olive-green, rectangular unit with a black antenna on top. It features two large, rectangular, textured buttons on the back. A small black label with white text is visible on the bottom right of the back panel. The label reads: "Meldase", "P80 Pro Trail Camera", "www.meldase.com", "FCC CE UK", and "Made in China". The device is placed on a blue surface next to a black ruler with white markings. The ruler shows the device is approximately 100mm wide and 60mm high.
