P200

EUT View1	 A photograph showing the front of a grey, ruggedized trail camera. The camera has a black antenna on top, a lens in the center, and two circular ports at the bottom. It is placed on a blue surface next to a black ruler with white markings for scale.
EUT View 2	 A photograph showing the back of the same grey trail camera. A black label is visible on the back, containing the text "Meidase P200 Trail Camera", "www.meidase.com", "FC CE UK", and "Made in China". The camera is placed on a blue surface next to a black ruler with white markings for scale.

P100

EUT View 1	 A photograph showing the front view of a rugged, black electronic device (P100) placed on a blue textured surface. The device features a large, rectangular display screen at the top, a circular lens in the center, and a smaller circular lens below it. A black antenna is visible on the left side. A black ruler with white markings is positioned vertically to the left of the device, showing measurements in centimeters and millimeters.
EUT View 2	 A photograph showing the back view of the same rugged, black electronic device (P100) placed on a blue textured surface. The device has a rectangular shape with rounded corners and a small, square, recessed area in the center. A black antenna is visible on the left side. A black ruler with white markings is positioned vertically to the left of the device, showing measurements in centimeters and millimeters.
