

EXHIBIT 2 - EUT EXTERNAL PHOTOGRAPHS

EUT View 1	 A black, ruggedized electronic device, likely a GPS tracker or logger, is shown from the front. It features a small monochrome screen at the top, a numeric keypad below it, and two large circular lenses (possibly for a camera or sensor) in the center. A thin antenna extends from the top. The device is placed on a blue surface next to a black ruler with white markings in centimeters and millimeters.
EUT View 2	 The back of the same black ruggedized device is shown. It has a textured, protective casing. A small label in the center reads "GardisPro", "10 Year Camera", "www.segsoft.com", and "Made in China". A multi-pin connector is visible on the right side. The device is placed on a blue surface next to a black ruler with white markings in centimeters and millimeters.
