

## Request for Class II Permissive Change

FCC ID: 2AY6A-M2

Date: 2023-12-24

Dear Sir/Madam,

Subject: FCC Class permission change for FCC ID: 2AY6A-M2

Original Grant Date: 07/30/2023

This project is a CIIPC submission to our product: MIFI, model: Sky M2, the device is identical to the previous certified except for the changes as below:

Model name	Original	New	Remark
Sky M2	<ol style="list-style-type: none"><li>1. The original product does not support GPS</li><li>2. The original product does not support CA_66B (DL)</li><li>3. Model No: Sky_M2</li><li>4. Hardware Version: AL_M02_MB_V12_B</li><li>5. Software Version: Android 12.0</li><li>6. The original product does not have a barometer.</li></ol>	<ol style="list-style-type: none"><li>1. Add GPS function to hardware</li><li>2. Software Open CA_66B (DL)</li><li>3. Model No: Sky M2</li><li>4. Hardware Version: AL_M03_MB_V1.0_B</li><li>5. Software Version: Sky M2_v2.0.6</li><li>6. Add a new barometer to the hardware section</li></ol>	Except for these six changes, no other changes have been made

These six changes will not affect the RF performance of the prototype. Based on the above changes, we have conducted the following tests:

Case	Remark
Part 22/24/27/90	Check Power+RSE
Part 15C	Check Power+RSE
Part 15E	Check Power+RSE
Part 2.1093	Check Worse mode

Thank you.

Sincerely.
