Label

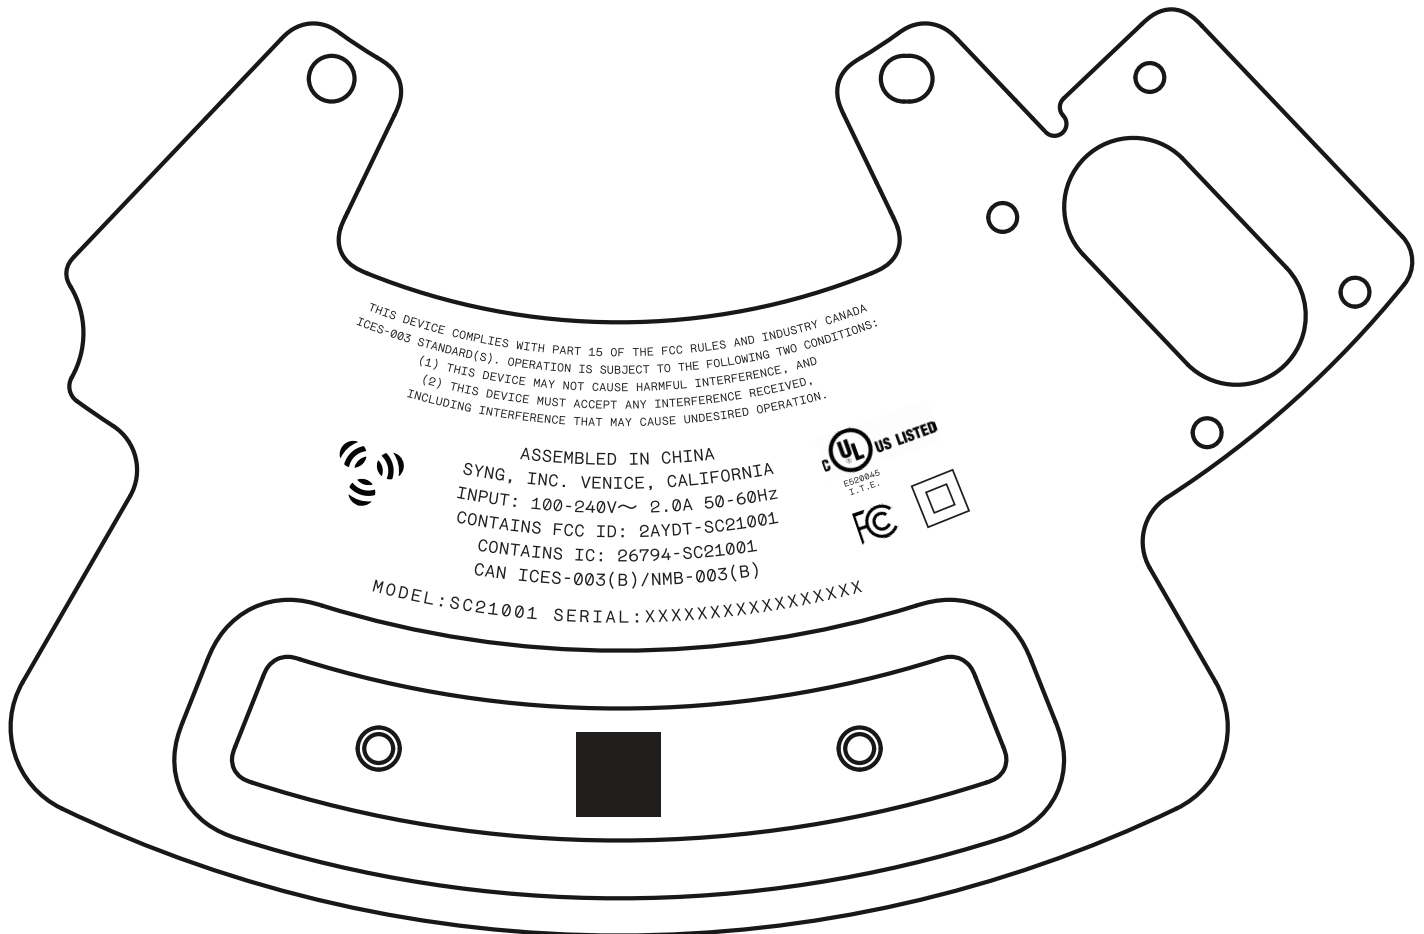

There is no space to describe the FCC ID/ ISED IC Number and Model Name. Therefore there are described on the manual and package.

FCC ID: 2AYDT-SC21001
 IC: 26794-SC21001
 Model Name: SC21001

“Contains FCC/IC” Label

This is a depiction of the metal subassembly containing the FCC/IC label. The FCC/IC identifiers and related markings are laser etched. The subassembly is then affixed into the equipment.
