Bluetooth Speaker

Dear customers:

Thank you for using ours self-developed Bluetooth speakers. Please read the instruction book carefully before using.

Key function

① Power/Pause Button

② Micro USB charge port

Instructions

1. Bluetooth Connection

(1) .Turn On & Off

Long press the < ① > to control on/off

(2) .Bluetooth mode:

To pair your speaker to a device, first turn on the speaker. The blue LED will blink rapidly indicating it is discoverable on your device's Bluetooth menu. Connect your device to "25145." If the speaker does not connect in ten minutes, it will turn off automatically. Once paired, the LED will stop blinking. If you want to connect another Bluetooth device, you should first disconnect the current device with 25145 and then use the above steps to connect a new one.

(3) .Bluetooth play:

Once paired, pressing the < ① > button can play or pause the music. While music is playing, the blue LED will slowly blink.

(4) .Hands-free calls

When the paired device receives a call, a short press of the < ① > button will answer it. After the call ends, the music will resume automatically.

2. Battery Charging

When charging, the LED indicator will turn red. When the battery is fully charged, the LED indicator will turn off.

Enjoy your journey of music.

Product Specification

Bluetooth chip:	5.0
Receive distance:	10M
Output power:	3W
Impedance:	4Ω
Speaker size:	36mm
Frequency:	50Hz-20KHz
SNR :	65DB
Connection mode:	Bluetooth
Product size:	050M6.5mm
Battery:	3.7V300mAh lithium battery
DC/5V:	DC input 5V/300mA
Usable time:	1.3 hours
Charge time:	1 hours
Charge bottom:	Micro USB

Warnings

1. Avoid getting speaker wet.
2. Charge periodically to prevent deep discharge.
3. Do not use if item has been physically damaged.

Packing list

1. 25145 Bluetooth speaker ----- 1
2. Charge cable----- 1
3. User Manual----- 1

FCC Instructions:

This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the product and receiver.
- Connect the product into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

FCC Radiation Exposure Statement:

The equipment complies with FCC Radiation exposure limits set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 5mm between the radiator and your body.
