## HOW TO USE

### Brushing technique

Wet brush head and apply foamless toothpaste on the both ends of the brush head. Wet your teeth and do not put too much water in your mouth. Turn on the toothbrush and start to brush your teeth with the appliance. Long press the on/off button to turn off the video function, and short press to turn on the video function. Turn on the toothbrush and start to brush gently across the teeth in a small back and forth motion so the longer bristles reach between your teeth. Do not scrub like a manual toothbrush. The SeeBrush will automatically turn off after 2 minutes. SeeBrush's effectiveness and let it do the brushing for you. The Quadpacer is an effective way to brush your teeth. It divides the mouth into 4 sections and the 4 sections of your mouth. You may also consult your dentist or dental hygienist for the right technique for brushing.

In the first day or two, you may feel your gums may bleed slightly. In general, bleeding should stop after a few days. Should it persist after 2 weeks, please consult your dentist or dental hygienist. If you have sensitive teeth and gums, it is recommended to use the 'Sensitive' mode.

### Attentions

1. The foam toothpaste doesn't work with our toothbrush, which will stop the vision of the micro camera.  
2. Please do not put the cord on the ends of the brush head in case it falls into the hole to affect the vision of the camera.

### Brushing Mode

1. Daily Clean Mode— Standard mode for daily mouth cleaning (the mode indicator turns blue).  
2. Sensitive Mode— For sensitive teeth and gums (the mode indicator turns pink).  
3. Gum Care Mode— Clean teeth and massage your gums to improve gum health (the mode indicator turns green).  
Note: Your toothbrush automatically starts in the "Daily Clean" mode. To switch to the other modes, successively press the button, it will cycle among "Daily Clean", "Sensitive", "Gum Care" and "OP".

1

## APP Connection

1. Please search "SeeBrush" in your APP store.

2. Long press the on/off button until the light of the mini camera turn on, then it will automatically release the hotspot.

3. Active your phone's WiFi feature and find the Hotspot of "SEEBRUSH" to connect it.

4. Click the APP "SeeBrush" and see your tooth condition.

5. Monitor on the APP:

• BACK

• ROTATE

• FILE

• VIDEO

• PHOTO

Note: If the APP is not working, please reset the WiFi APP and the micro camera ( turn off the Hotspot and the App and re-connect them again)

### Brushing Mode

1. Daily Clean Mode— Standard mode for daily mouth cleaning (the mode indicator turns blue).

2. Sensitive Mode— For sensitive teeth and gums (the mode indicator turns pink).

3. Gum Care Mode— Clean teeth and massage your gums to improve gum health (the mode indicator turns green).

Note: Your toothbrush automatically starts in the "Daily Clean" mode. To switch to the other modes, successively press the button, it will cycle among "Daily Clean", "Sensitive", "Gum Care" and "OP".

2

Apply foamless toothpaste on both ends of the brush head.

Press the button shortly to choose a brushing mode.

Start tooth brushing and view your oral condition

## IMPORTANT SAFEGUARDS

SeeBrush has been carefully designed to offer you and your family a unique brushing experience that is both safe and effective. Read all instructions before using.

### DANGERS

To reduce the risk of electrocution, Always keep the product away from water when charging. Unplug the product immediately if it falls into water. Never charge the product with a damaged cord or plug.

### WARNINGS

To reduce the risk of burns, electrocution, fire or injury: 1. Close supervision is necessary when this product is used by, or on, small children or invalids.

2. Use this product only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.

3. Keep cord away from heated surfaces.

4. Never drop the appliance or insert any object into any opening of the appliance.

5. Never operate this product if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or if it has been dropped into water. If any of these occur, please contact a service center and return the product for examination and repair.

6. Remove the power cord and outlet if the plug does not easily fit into the outlet, discontinue use.

7. This product contains a user replaceable battery. Do not modify or repair the product. This may cause the electric shock or injury. Do not disassemble the product except when disposing of the battery. 8. When taking out the battery for disposal, use caution not to short the terminals or damage the battery. 9. Use this appliance only for its intended use as described in this manual or as recommended by the manufacturer. 10. The toothbrush is a personal care device and is not intended for use on multiple patients in a dental office or institution. 11. Do not use the power plug with wet hands. This can cause an electric shock. 12. The toothbrush is not intended for use by children under age three. 13. Replace the head (head) every 3 months or sooner if brush head becomes worn.

## MEDICAL WARNINGS

1. Consult your dental professional before you use this product if you have had oral or gum surgery in the previous 2 months.

2. Consult your dental professional after 1 week of use if bleeding continues to occur after 1 week of use.

3. Consult your physician or dental professional and contact a physician/dentist if discomfort or pain is experienced.

4. This product complies with the safety standards for electromagnetic devices. If you have a pacemaker or other implanted device, contact your physician prior to use.

5. Consult your physician if you have other medical concerns.

## MEDICAL INFORMATION

1. Please do not use the toothbrush with your Smart Phone (find details under <APP Connection>).

2. To avoid electromagnetic interference and/or compatibility conflicts, do not use the toothbrush in the same room as a television or other electronic equipment.

3. Keep cord away from heated surfaces.

4. Never drop the appliance or insert any object into any opening of the appliance.

5. Never operate this product if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or if it has been dropped into water. If any of these occur, please contact a service center and return the product for examination and repair.

6. Remove the power cord and outlet if the plug does not easily fit into the outlet, discontinue use.

**Warning:**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

NOTE: This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter

**RF Exposure Statement**

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.
