

Manufacturer's Declaration

LocoTrack Primary: the HGD4 & HGP4 variants are built using the same fully populated PCBA & only differ in their respective battery packs and enclosures

HGD4 = Disposable tracking hub with GPS, Cellular, Wifi and Bluetooth. 4 AA alkaline batteries. White plastic enclosure

HGP4 = Long life tracking hub with GPS, Cellular, Wifi and Bluetooth. 8 AA lithium batteries (in a 2x4 arrangement to deliver the same operating voltage and current as the HGD4 battery pack). Black rugged plastic enclosure

The LocoTrack Primary variants mentioned above have exactly the same PCBA and are produced under ISO 9001 by the same contract manufacturer, Qisda Corp.
