Saturn Light®: How to use the Saturn Light

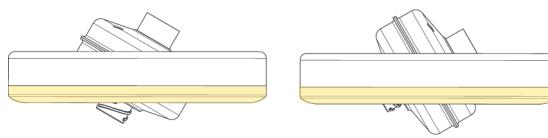

for more information, please go to FullCircleGear.com

Change From Up to Down Light - Flip the Ring Around the Light

1. Remove from pole.

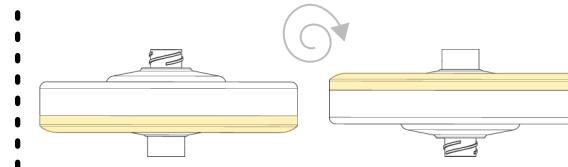

2. Rotate inner or outer ring.

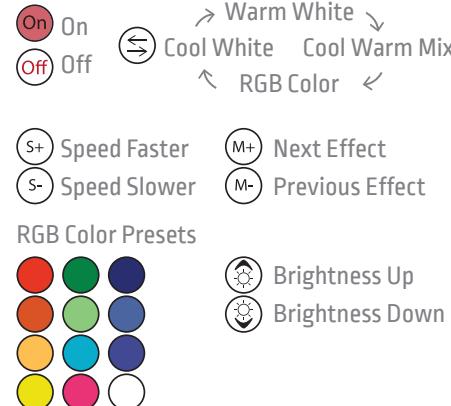

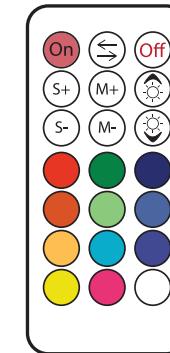

Note: The ring only spins one direction

2. Flip light completely around

Note: Threads should be on the bottom

Remote Guide

Connect to the App

Step 1: Download SmartPhone App
"Magic Home Pro"

Step 2: Open wi-fi settings on the phone and connect to "LEDnetxxxxx" wi-fi. After successful connection, go back to the Magic Home Pro App. The Saturn Light® will be listed under "Devices"

Connect Saturn Light to a wi-fi Network.

Step 3: Make sure Step 1 and 2 are done. Then open the App and click the "+" button in the upper right corner, then select "Connect device to wi-fi network".

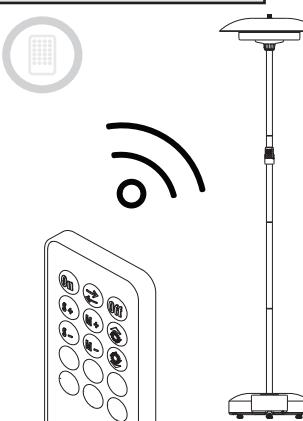

Step 4: Choose the wi-fi network you want the light to be on and enter the password if needed. The Light may change color as it connects to the network. You can also change the name of the Light now.

Step 5: The Light is now connected! Connect your phone to the same network as the light to see it in the App. Create a free Magic Home account for remote access and smart features.

For more information on the remote and app connectivity please go to www.FullCircleGear.com

Smart Assistant integration requires a free Magic Home Pro account to connect to online features like Smart Assistants and remote device access.

Pair a new Remote
