- User Manual

USER'S MANUAL FOR MI-S065B

INSIDE

CHARGE

- Plug the micro USB cable into the micro USB port on the back of the speaker, and connect the other end of the cable with any compatible charger or wall outlet.
- When charging, the small LED indicator will glow red. When fully charged, the LED indicator will turn off.
- Charging time is approximately 2 hours.

PAIR & CONNECT

- Press and hold the power button on the speaker to turn it **ON** or **OFF**
- Make sure the speaker is turned **ON**
- On your Bluetooth® enabled device, navigate to the Bluetooth® settings menu, turn on the Bluetooth® feature, and search for new devices.
- Wait a few seconds & select "**Merkury S065B**" The speaker will emit a tone when successfully paired.

NOTE:
- If your device's Bluetooth® version is below version 2.1, you may need to enter the password "0000".
- Insert a USB thumb drive or MicroSD card for direct music playback. Use the on-board controls to scroll through music files.

RECONNECT TO BLUETOOTH®

- You only need to pair your Bluetooth® device with the speaker once.
- With your previously paired device's Bluetooth® turned on & in range, power on the speaker.
- The speaker will automatically reconnect to the last Bluetooth® device it was connected to.
- If you have a previously paired device that does not auto-reconnect, navigate to the Bluetooth® settings menu on your device, turn on the Bluetooth® feature, and select "**Merkury S065B**" from your list of paired Bluetooth® devices.

SPECIFICATIONS

Speaker Specifications:
Output Power: 7W
Frequency Response: 100HZ~18KHZ
Dimensions (WxHxD): 3.5x3.5x8.25 in

Additional Connection Sources:
Power Source: Built-in rechargeable battery or via USB cable

Power Information:
Input: DC5V
Battery Capacity: 1200mAH
Music playing time: Up to 3 Hours*
Charging time: 2 hours

Bluetooth® Information:
Bluetooth® Version: 5.0
Operating Distance: 30ft.
System Requirements: Bluetooth®-capable device

*Depends on individual use and may be slightly more or less than the time specified.

FCC Warning

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any inte rference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interferenceto radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Radiation Exposure Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
