

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of a device, specifically the housing and the main board. The housing is black and the board is blue. A large white rectangular area is visible on the board, likely a display or sensor. A ruler is placed horizontally below the components for scale, showing measurements in millimeters. The background is a blue textured surface.
Solder Board-Component View 1	 A photograph showing a close-up view of the soldered components on the main board. The board is blue and populated with various electronic components, including a large silver heat sink, a black integrated circuit, and several smaller components. A ruler is placed vertically to the left of the board for scale, showing measurements in millimeters. The background is a blue textured surface.

Solder Board-Component View 2	 A photograph of a blue printed circuit board (PCB) component, likely a camera module, showing solder joints. The board is positioned on a blue textured surface with a black ruler for scale. The ruler has markings in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The board features several gold-colored solder pads and a small connector at the top left.
Solder Board-Component View 3	 A photograph of a blue printed circuit board (PCB) component, likely a camera module, showing solder joints. The board is positioned on a blue textured surface with a black ruler for scale. The ruler has markings in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). The board features a large central chip with the text "Ryzen" and "BMD-MT8168-P863-H V1.0" visible. There are also various other components, connectors, and solder pads on the board.

Solder Board-Component View 4	 A photograph of a blue printed circuit board (PCB) with various components and solder pads. The board is placed on a blue textured surface. A black ruler with white markings is visible on the left and bottom edges, showing measurements in millimeters. The board has several gold-colored solder pads and components, including a USB connector on the left and a small component labeled 'WIFI-C'.
Antenna View	 A photograph showing the internal components of a device, including a blue PCB, a large white rectangular antenna, and a black frame. The components are placed on a blue textured surface. A black ruler with white markings is visible on the left and bottom edges, showing measurements in millimeters. A red box highlights a specific area on the left side of the PCB, and a red line points from this box to a label below the image. Wi-Fi/BT/GPS Ant⁴
