Attn.: Equipment Authorization Branch

FCC Change of ID Request Letter

To Whom It May Concern:

This letter formally requests a new FCC ID for a currently approved device, in accordance with 47 CFR Part [2.933](#) (b).

Original Device Information:

FCC ID: VPYLBES5PL2EL

Model: LBEE5PL2DL

Grant holder: Murata Manufacturing Co., Ltd.

Grant date: April 14, 2023 and September 5, 2023

New Device Information:

New FCC ID: 2AYQH-LBES5PL2EL

New Model: LBEE5PL2DL

We, the undersigned, hereby formally declare that the newly introduced device is identical in both design and construction to the previously approved model. As a result:

1. The original test results remain fully applicable and accurately represent the performance and characteristics of the new device.
2. All documentation currently on file with the Federal Communications Commission (FCC) from the original certification process remains unchanged and retains its validity.
3. The original user manual continues to be valid and applicable for this device approval, with the exception of:
 - a) Marketing information
 - b) The product identification number

This declaration affirms that the new device maintains complete compliance with all relevant FCC regulations and standards as established in the original certification.

Please do not hesitate to contact us if you require any further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Patrick Begin". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
