① Installation

RFCC Warning Statement

Change or modification not expressly approved by the party responsible for compliance could void the warranty. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with all 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause interference and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet group RF exposure requirement. The device can be used in portable exposure condition without restriction.

ISED/Canada Statement:

This device contains a radio wave transmit(s)/receive(s) that comply with Innovation, Science and Economic Development Canada's (ISED) radio frequency (RF) exposure limits for the following conditions:

1. This device may not cause interference and
2. This device must accept any interference received, including interference that may cause undesired operation of the device.

Related Exposure: This equipment complies with Canadian radio frequency limits set forth for an

uncontrolled environment

RF Exposure Statement

To maintain compliance with FCC/RF Exposure guidelines, the installation and operation of this device should meet the requirements for portable devices. This device and its antenna(s) must not be co-located or in operation in conjunction with any other antenna or transmitter.

Déclaration du Canada

Ce dispositif contient des éléments radio qui émettent/ reçoivent des ondes de radio qui sont conformes, si l'installation, la mise en œuvre et l'utilisation du dispositif respectent les exigences de la norme de l'exposition aux ondes radio de la FCC. Ce dispositif ne doit pas être utilisé en conjonction avec une autre antenne ou un autre émetteur.

1) ne pas émettre de plus de 15 W de puissance RF

2) ne pas émettre de plus de 15 W de puissance RF, y compris toute interférence possible émise par un fonctionnaire radioélectrique de l'émission.

Exposition au rayonnement: cet équipement est conforme aux limites d'exposition au rayonnement établies par le Canada pour un environnement non contrôlé.

Pour rester en conformité avec les lignes directrices d'exposition RF de la FCC, cet équipement doit être installé et utilisé conformément aux conditions d'installation et d'utilisation appropriées. Ce dispositif et ses antennes ne doivent pas être co-localisés ou fonctionner en conjonction avec une autre antenne ou un autre émetteur.

③ How to use

④ Specifications

Product Size:	485×33mm/43.3×3in
Model:	LH2
Weight:	50g/2.0oz
LED Power:	0.08W
Power Input:	5V/2A
Maximum sensor range:	3m/10ft
PIR Detection Angle:	120 Degrees
Lifespan:	30,000+ h
Battery:	120mAh
Materials:	ABS+PC
Working Temperature:	0~40°C/32~104°F
Working Humidity:	95%-95RH

⑤ Customer Service

We promise a rapid 30-hour response for after-sales issues and offers free replacements during a 12-month warranty period.

Genuine Reminder

To resolve issues efficiently, please contact us directly before leaving a product rating, as ratings do not provide us contact information to understand your situation and offer appropriate compensation. Your satisfaction is our priority, and we commit to resolving any problems swiftly.

⚠WARNING

If not installed, a lithium battery can cause severe and life-threatening injuries within 2 hours. Keep batteries out of reach of children.

If you find batteries may have been swallowed or placed inside any part of the body, seek immediate medical attention.

⚠ Caution

1. This product is not waterproof and is only intended for indoor use.
2. Avoid installing near heat sources, such as air conditioning vents, heating vents, and other areas with extreme temperature changes, to avoid shorting light exposure and damp environments.
3. When clearing the surface of the product, do not use cleaning solutions containing corrosive solvents.
4. If the lamp does not illuminate normally at the first use, please charge it before using.
5. After using for a period of time, if the lamp brightness decreases or works abnormally, please charge it.
6. The charging indicator light is red during charging and turns green when fully charged.
7. Please do not disassemble the product or replace components without authorization. If the equipment fails, please contact after-sales customer service for handling or entrust professionals for operation and maintenance.

技术要求:

1. 材质:80g双胶纸;
2. 规格尺寸: 单页80x80mm, 展开320x80mm, 风琴3折;
3. 印刷颜色: 单色黑印刷;
4. 表面处理: 哑油;
5. 性能要求: 印刷不能有脏污。

注意：

1. 尺寸与公差标注规范参考标准：ASME Y14.5 2009
2. 所有零部件都需工程师确定后才可生产；
3. 有“■”标识的尺寸为重要管控尺寸(IQC必检), 有“()”标识的为参考尺寸；
4. 符合GB绿色产品化学物质限用规格，不可含有矿物油；
矿物油（MOH）是石油原油经精馏纯化形成的复杂碳氢化合物，无色，无味的液体。
 - 饱和烃矿物油（MOSH,mineral oil saturated hydrocarbons）
 - 芳香烃矿物油（MOAH,mineral oil saturated hydrocarbons）
5. 需符合无卤要求：Br<900ppm, Cl<900ppm, Br+Cl<1500ppm；
6. 部件必须符合RoHs指令和REACH法规要求。
