

APPENDIX 1- EUT PHOTO

Model: PA50

Photo 1

Photo 2

A black, rectangular portable power station with rounded corners. The front panel features a central digital display screen. To the left of the screen are three buttons: 'POWER ON/OFF', 'DC OUTPUT', and 'AC OUTPUT'. To the right of the screen is a large circular DC output port labeled '12V' and 'MAX 10A'. Below the screen is a USB-C port labeled 'DC INPUT / OUTPUT USB-C MAX 60W'. To the left of the USB-C port are two green DC output ports labeled 'DC OUTPUT 12-40V/10A MAX 200W' and 'DC OUTPUT USB-A 20V/3A'. To the right of the USB-C port are two AC output ports labeled 'AC OUTPUT - 100-120V / 5A TOTAL 500W'. The brand name 'Power ArQ' is printed at the bottom. A ruler is placed horizontally in front of the device for scale.

The top view of the PowerArc wireless charging pad shows a dark grey, rectangular device with rounded corners. In the center, there is a square area with a double-line border. Inside this border, the text "PowerArc" is printed in a bold, sans-serif font. Below the brand name, the text "wireless charging" and "OUTPUT 15W MAX" is printed in a smaller font. The device has four small, raised rectangular tabs at the corners of the central square area. The background is a solid blue color.
