

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board
View 1

EUT Housing and Board
View 2

EUT Housing and Board View 3	 A photograph showing the internal components of a black plastic mouse housing. The left half shows the internal wiring and a yellow PCB with various electronic components. The right half shows the internal structure and a red wire. A ruler is placed below the housing for scale, showing measurements in centimeters and millimeters.
Solder Board-Component View 1	 A close-up photograph of a yellow PCB component. The component features two black push buttons, a small blue LED, and various electronic components. A ruler is placed below the component for scale, showing measurements in centimeters and millimeters.

Solder Board-Component View 2	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 2'. The component is rectangular with a central circular cutout. It is populated with various electronic components, including a large black integrated circuit (IC) in the center, several smaller ICs, resistors, and capacitors. The component is placed on a blue textured surface. A metal ruler is positioned vertically to the left of the component, showing a scale from 0 to 10 mm. Another metal ruler is positioned horizontally below the component, showing a scale from 0 to 11 cm.
Antenna View	2.4G Antenna  A photograph of the same green PCB component, labeled 'Antenna View'. A red rectangular box highlights a specific area on the top edge of the component, which is identified as the '2.4G Antenna'. A red line points from this box to the text '2.4G Antenna' located above the component. The component is placed on a blue textured surface. A metal ruler is positioned vertically to the left of the component, showing a scale from 0 to 10 mm. Another metal ruler is positioned horizontally below the component, showing a scale from 0 to 11 cm.
