IN-WALL/WALL MOUNT PLATE BT Audio Control Amplifier Receiver System

Connecting Power:

Under normal circumstances, power is connected to the front panel power input via the included AC adapter.Power may be supplised from an alternatve 12V DC power source via the rear pigtail RED+ /BL .ACKS leads (for hard-wired installatons). When an AC adapter powers the unit, via the front panel power input, the RED+ lead is disconnected.

Compatibility:

This product occupies standard single gang device space and is compatble with most deep sized electrical boxes or low voltage bracket systems.*Please note: minor fitting adjustments may be necessary for mountng the wall plate amplifier receiver in certain wall installaton Applications.

connected totheunit.Ensure only a single audio source is connected at a tmeto allow for optimum performance and functonality;

PRODUCT SPECIFICATIONS:

- Can be Hard-Wired or Powered via Included Power
- In-Wall Audio Control Receiver with Built- in Amplifier Microphone Paging and Speaker Control Made Easy
- BT Wireless Music function allows you connect & Stream
- AUX input port plug & play Smartphones and other music devices Speaker Terminal Block, Connect up to (2) Speakers
- Universal Gang Box / Wall Plate Standard Size, can be Hard-Wired or Powered via Power Adapter Perfect for Home/Office Applicacations

Bluetooth Connectivity:

- Controller Receives & Directs Bluetooth Wireless Audio Works with All of Your Favorite Devices: (Smartphones,MP3
- Players, Tablets, Laptops, Computers, etc.)
- Bluetooth Network Name: 'Herdio ' (No Password Required) Wireless Range: 30' Feet (10 Meters)

Technical Specs:

- Power Output 100 Walt Peak, 40 Watt RMS x 2 Ch.@ 4 Ohm
- Bluetooth Version: 5.0
- Mic Input Type: Dynamic
- Power, Amp Type: Stereo Class-D
- Minimum Load Resistance: 4 Ohm
- T.H.D.: 0.03% (8 Ohm, 1 kHz)
- Power Draw: 12V 3Amps
- Power: DC 100-240V, 50/60Hz(12V DC Adapter)
