

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of an EUT (End User Terminal) housing. The housing is black plastic and is open, revealing a green printed circuit board (PCB) inside. The PCB has various components, including a battery, a small antenna, and a microcontroller. The housing is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm).
EUT Housing and Board View 2	 A photograph showing the internal components of an EUT (End User Terminal) housing from a different angle. The housing is black plastic and is open, revealing a green printed circuit board (PCB) inside. The PCB has various components, including a battery, a small antenna, and a microcontroller. The housing is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm).

Solder Board-Component View 1	 A photograph of a green printed circuit board (PCB) component, labeled 'Solder Board-Component View 1'. The component is rectangular with various electronic components, including a large black integrated circuit (IC) in the center, several smaller ICs, and numerous surface-mount components. It is positioned next to a black ruler with white markings, showing a length of approximately 100 mm. The background is a blue textured surface.
Solder Board-Component View 2	 A photograph of the same green PCB component, labeled 'Solder Board-Component View 2'. This view shows the reverse side of the component, which is populated with various electronic components, including a large black IC, several smaller ICs, and numerous surface-mount components. It is positioned next to a black ruler with white markings, showing a length of approximately 100 mm. The background is a blue textured surface.

Antenna View
