

Regulatory information

EU declaration of conformity

Speaksee B.V. declares that this Microphone Kit is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU.

FCC statement

15.21: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

15.105(b): This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF radiation exposure statement: This equipment complies with FCC and IC RF radiation exposure limits set forth for an uncontrolled environment. The antenna(s) used for this transmitter must be installed and operated to provide

a separation distance of at least 20 cm from all persons and must not be collocated or operating in conjunction with any other antenna or transmitter. Installers must ensure that 20cm separation distance will be maintained between the device (excluding its handset) and users.

Cet appareil est conforme aux limites d'exposition au rayonnement RF stipulées par la FCC et IC pour une utilisation dans un environnement non contrôlé. Les antennes utilisées pour cet émetteur doivent être installées et doivent fonctionner à au moins 20 cm de distance des utilisateurs et ne doivent pas être placées près d'autres antennes ou émetteurs ou fonctionner avec ceux-ci. Les installateurs doivent s'assurer qu'une distance de 20 cm sépare l'appareil (à l'exception du combiné) des utilisateurs.

This device complies with Part 15 of the FCC Rules and Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux Partie 15 des règlements de la FCC et CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Canadian compliance statement

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada.

Australia compliant

This Microphone Kit complies with EESS (Electrical Equipment Safety System); and ACMA's requirements.

WEEE label

This symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it

over to the designated collection point for the recycling of the waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.

SGS energy efficiency

This Microphone Kit meets the relevant standards and specifications, as well as performance requirements.

Important advice

Please read the full user manual available at speak-see.com/manual before using this Microphone Kit.

Intended use: This Microphone Kit is intended to assist the deaf and hard of hearing during conversation.

Preparation: Remove the protective sticker on each of the 3 Microphones before use.

Storage: When not in use, store this Microphone Kit in the carry case provided with it.

Transportation: Do not subject this Microphone Kit to mechanical shock, such as dropping it.

Maintenance: Only use a soft dry cloth to clean this Microphone Kit.

Safety precautions

Electric shock and heat: Do not expose this Microphone Kit or the power supply to water or extreme conditions. Take care when handling the power supply to avoid electric shock.

To charge this Microphone Kit, only use the power supply provided with it.

This Microphone Kit may get hot to the touch during use, this is normal.

Pacemakers and Other implanted devices:

This Microphone Kit contains magnets and components that emit an electromagnetic field and could interfere with pacemakers or other electronic medical devices. Before use, consult your physician or medical device manufacturer about the required minimum safe distance between this Microphone Kit and your medical device.
