保养与保存

保持耳机清洁对于安全、卫生的使用很重要

1. 请勿佩戴已显肮脏的入耳式耳机;
2. 耳机不使用时, 请始终将其存放在洁净干燥的环境中;
3. 请勿与其他物品存放一起, 因为这样可能会造成污染;
4. 避免储存在过热过冷的环境中;
5. 避免接触液体, 并避免极端温度或高湿环境;
6. 请勿非专业, 不规范的拆解耳机, 以免造成耳机偏音

Care and Preservation

Keeping your earphones clean is important for safe, hygienic use

1. Do not wear dirty earphones;
2. When the earphones are not in use, please always store them in a clean and dry environment;
3. Do not store it with other items, as it may cause pollution;
4. Avoid storing in an environment that is too hot or too cold;
5. Avoid contact with liquid, and avoid extreme temperature or high humidity environment;
6. Please do not disassemble the earphones in an unprofessional or non-standard way, so as not to cause the earphones to be out of tune

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This device generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this device does cause harmful interference to radio or television reception, which can be determined by turning the device off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the device and receiver.
- Connect the device into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment
