Label Position

NOTE: LABEL is too large to be printed on the product, so it is printed in the packaging box and instruction manual

SHENZHEN SHI ANN SO TECHNOLOGY CO., LTD
Product Name : Bluetooth headset
Model: S600
FCC ID: 2AZC2-S600
Input: DC 3.7V 150mAh 0.555Wh by battery
Made in China

6

Technical Specifications

Chip	QCC3020
Wireless Version	V5.0
Profiles	HSP HFP A2DP AVRCP
Battery Capacity	150mAh
Talk Time	24 Hours
Play Time	25 Hours
Charging Time	2.5 Hours
Standby Time	320 Hours
Weight	0.46 oz
Connection Range	33 ft/10 m

Modulation:	GFSK
Operation frequency:	2402MHz-2480MHz
Max Peak Output Power:	8.34 dBm
Channel number:	40
Channel separation:	2MHz
Antenna type:	Ceramic Antenna
Antenna gain:	1.1 dBi

FCC STATEMENT :

1.This device complies with Part 15 of the FCC Rules.

Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation.

2.Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna. Increase the separation between the equipment and receiver. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 5mm between the radiator & your body
