Vendon SIA has spent substantial effort in developing this product and it was one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship. We also request to apply special conditions - the permanent confidentiality for enclosed internal photos, as per KDB 726920 under section II)3)a) point 2. Devices are supposed to be placed inside the locked vending/coffee machine. Usually at the back of the machine where the main board is. It is only accessible and serviceable by professional designated technicians under a Non-Disclosure Agreement (NDA). Devices are closed and opening the device is forbidden and results with cancellation of warranty. All sales for these devices must be under an NDA restricting the disclosure of the proprietary information.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public.

Short-Term Confidentiality:

The applicant requests the exhibits selected above as short term confidential be withheld from public view for a period of 180 days from the date of the Grant of Equipment Authorization and prior to marketing. This is to avoid premature release of sensitive information prior to marketing or release of the product to the public. Applicant is also aware that they are responsible to notify TUV Rheinland in the event information regarding the product or the product is made available to the public. TUV Rheinland will then release the documents listed above for public disclosure pursuant to [FCC Public Notice DA 04-1705](#).

Sincerely,

By:
