4 Introduction

This document contains information regarding the FCC and IC labels for the Aurora Wireless Networks MLink Ultra 900 MHz transceiver as part of the FCC & IC submission.

5 Label

The MLink module is < 2" x 2" and therefore too small accommodate the compliance statement. Therefore the compliance statement is captured on final product or User's Guide. Below is a sketch of the Label.

Figure 5.1 – FCC & IC Label

6 Compliance Statement

The following compliance statement will be captured on the exterior of the final product or in the User's Guide.

Manufacturer's name Brand name or Trade Name
Contains MLink Ultra 900 FCC ID: 2AZE-H-AMU900
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interferences, and (2) this device must accept any interference received, including interference that may cause undesired operation.
