**Frequently Asked Questions**

**1 Can I share with family and friends?**  
Yes, you can share your cameras with family and friends who will have access to view the camera and control your bulbs, plugs, and other devices. In the app, press the Profile button and click on the "Home Management" button, and you will be able to give or revoke sharing permissions. If the user is not a registered user, they should already have downloaded the app and registered a new account.

**2 What's the Wireless Range?**  
The range of your home WiFi is heavily dependent on your home router and the conditions of the room. Check with your router specifications for exact range data.

**3 How many cameras can I control?**  
TuyaSmart app can control an unlimited amount of devices in an unlimited amount of locations. Your router may have a limit of how many devices can be connected to one router.

\*Please refer to the specific APP interface if there are any differences.
