

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of a white plastic housing. The housing is open, revealing a blue printed circuit board (PCB) with various electronic components. A green component, labeled "2021.5.28 DD7006-RF V1.0", is visible. The assembly is placed on a blue textured surface next to a black ruler with white markings in millimeters.
Solder Board-Component View 1	 A close-up photograph of the blue PCB component. The component is labeled "2021.5.28 DD7006-RF V1.0" and "DD7002BA V1.0". It features various electronic components, including a large black chip, a green component, and several smaller components. The component is placed on a blue textured surface next to a black ruler with white markings in millimeters.

Solder Board-Component View 2	 A photograph of a blue printed circuit board (PCB) with various electronic components. The board is oriented vertically and is placed on a blue textured surface. A black ruler with white markings is positioned horizontally below the board, showing measurements in millimeters. The board features several integrated circuits, resistors, and capacitors. Labels on the board include "2021.8.10", "DD70022BA V1.0", and "AMT1".
Solder Board-Component View 3	 A photograph of a blue printed circuit board (PCB) with various electronic components. The board is oriented vertically and is placed on a blue textured surface. A black ruler with white markings is positioned horizontally below the board, showing measurements in millimeters. The board features several integrated circuits, resistors, and capacitors. Labels on the board include "2021.8.10", "DD70022BA V1.0", and "AMT1".

Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) component, labeled '4', resting on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (mm) and centimeters (cm). The component has various electronic components, including a large black integrated circuit (IC) and several smaller components. The ruler markings are visible on the left and bottom edges of the component.
