White Noise Machine User Guide

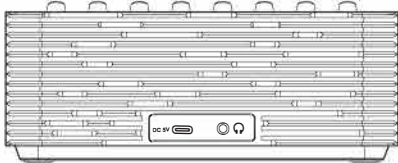

MW01

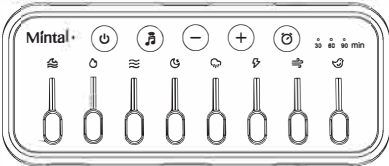

Product Features:

- Wireless Speaker
- 8 Unique Natural Sounds, DIY Support
- Earphone Output: 3.5mm

Operation Instructions:

- Plug the 5V/2A power adapter into the Type-C outlet on the back of the machine to power it on.
- Long press the ON  button to enter the "White noise" mode (Indicator light will turn green).
- There are 8 different natural sounds to choose from. Slide different sound sliders to mix and simulate natural environments.
- Adjust the volume with the volume up and volume down +/- buttons.

Control Buttons:

 **Power On / Off Button**
To turn your Míntal White Noise Machine ON or OFF, press and briefly hold the power button.

 **Mode Switch Button**
Long press the mode button to switch between the "White noise" mode and the "Bluetooth speaker" mode. In "White noise" mode, short press the mode button to mute. In "Bluetooth speaker" mode, short press the mode button to pause/play.

 **Volume Down / Last Track Button**
In "White noise" mode, short press the "-" button to turn the volume down for all sounds. In "Bluetooth speaker" mode, short press the "-" button to turn the volume down, or long press the button to return to the previous track.

 **Volume Up/Next Track Button**
In "White noise" mode, short press the "+" button to turn the volume up for all sounds. You will hear a beep upon reaching the maximum volume level. In "Bluetooth speaker" mode, short press the "+" button to turn the volume up, or long press the button to advance to the next track. You will hear a beep upon reaching the maximum volume level. Press the volume up and volume down +/- buttons at the same time to remove the Bluetooth pairing.

 **Auto-Off Timer**
The Míntal White Noise Machine features 3 timer options: 30/60/90 minutes. Short press the "⌚" button to set the timer so the unit will automatically turn off after a specified time period. An LED light display will show the timer setting and the light will turn off when the machine turns off automatically.
