### Notice

- Please keep the manual as it contains important information.
- For safety purposes, only use me under adult supervision, especially for ages 3 and below.
- Keep me away from direct sunlight and heat. Do not immerse in water or other liquids.
- I can be wiped clean with any mild household multi-purpose, non-abrasive cleaner and disinfectant.
- A USB cable is included in delivery. It can be charged either via a USB port on your computer or using an external power supply (5V, 1A).
- Please check the USB cable regularly. If it's damaged, please replace it in time.
- Do not charge the battery for more than 5 hours. Before connecting the charger, please turn me off.
- Do not rename the folders on the product.
- Please avoid listening to music at a high volume for a long time to avoid any harm to your hearing.
- I contain the battery that is non-replaceable.

#### DC voltage

- Replacement of a battery with an incorrect type that can defeat a safeguard.
- Disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion.
- Leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas.
- A battery subjected to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas.

#### RECYCLING

- This product bears the selective sorting symbol for Waste electrical and electronic equipment (WEEE). This means that this product must be handled pursuant to European directive 2012/19/EU in order to be recycled or dismantled to minimize its impact on the environment.
- User has the choice to give his product to a competent recycling organization or to the retailer when he buys a new electrical or electronic equipment.

### About Me

- I can tell stories, play music, and help you soothe your baby to fall asleep.
- I am MP3, WAV, WMA supported and come pre-loaded with soothing sounds, lullaby, popular nursery rhymes and bedtime stories.
- All my content is updatable with the built-in Micro SD card and included USB cable.
- I can connect to your smart phone via Bluetooth and play your favorite music.
- I have a resume function that will continue from where you stopped.
- I am absolutely safe with no sharp areas and drop resistant.
- I have soft silicone handle made from RoHS compliant silicone which is safe for infants and kids to chew.
- I am eco-friendly and cost effective, built-in with a high-capacity lithium polymer rechargeable battery that lasts up to 6 hours.
- I have specially designed high fidelity inter-magnetic speaker.

### FAQ

- Why am I not powering on?  
Check and make sure I am fully charged.  
Connect me to the computer and check if there are unsupported files.
- Why do I have no sound when the power is on?  
Adjust the volume by pressing the volume up / volume down button.
- Why am I not charging?  
Make sure the power is switched off.  
Check the USB cable and port to make sure there are no physical damages to them.

### Technical Details

USB Port	Micro USB Port
Volume Control	The volume up / volume down button controls volume
Speaker	High quality speaker with volume control
Battery	One lithium ion rechargeable battery. The battery is included and built-in.
Battery Life	About 6 hours
Size	113*88*48mm
Weight	140g
Material	RoHS silicone handle and buttons. High strength ABS plastic body and shell. All materials are tested and in compliance with Europe and US Toy Safety Standards and Requirements
Charging Current	500mA
Voltage	3.7V
Power	1.85W

Warning: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
I Reorient or relocate the receiving antenna.  
I Increase the separation between the equipment and receiver.  
I Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
I Consult the dealer or an experienced radio/TV technician for help. The device must not be co-located or operating in conjunction with any other antenna or transmitter.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Conforms to the Safety Requirements of EN 71,  
EN62115, ASTM F963
