

Raycon Inc.
Model Difference

2025/6/12

EUT NAME: Raycon Everyday Earbuds Pro

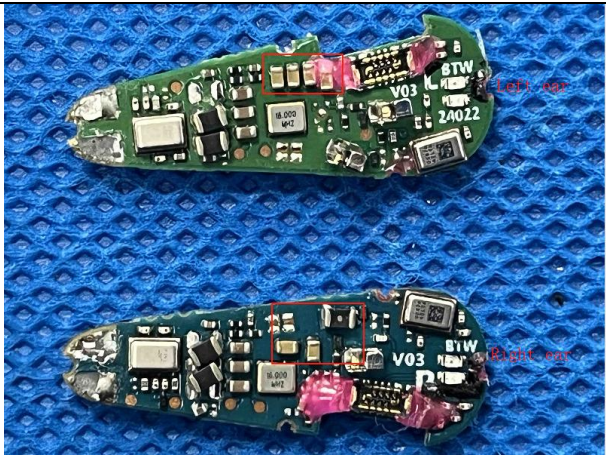

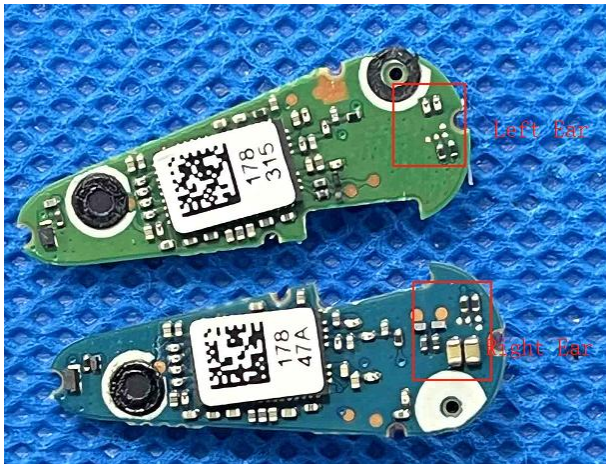

Trademark: N/A

MODEL: E95, E95 pro, E95 Plus

FCC ID: 2AZOV-RBE795B

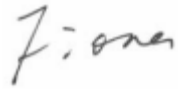

All the models are the same circuit and RF module, except model names and appearance of the color. For the left and right ears, the difference lies in the position of the MIC capacitor, and the antenna matching circuits, does not affect the product functionality and RF circuit. Tests have been separately for the left and right ears.

The differences between the left and right ears are as follows:

	difference
Front of the PCB	
Black of the PCB	

Regards

Sincerely

A handwritten signature in cursive script, appearing to read "Fiona".
