

ANTENNA DECLARATION

FCC ID: 2AZTH-AL-602-XX-902

The antenna is a simple wire antenna and fixed integrated as PCB antenna.

The device is tested and certified under CFR47 §15.249 Operation within the bands 902 – 928 MHz, 2400 – 2483.5 MHz, 5725 – 5875 MHz and 24.0 – 24.25 GHz.

All compliance measurements (Test Report F221482E1 issued by PHOENIX TESTLAB GmbH) are performed radiated and therefore additional antenna gain documentation is not required.

The internal photo exhibit clearly indicates the position and dimensions of the PCB antenna.
