

**Attestation Letter for Accreditation**

Tuesday, July 23, 2024

American Certification Body, Inc.  
313 Park Avenue Suite 300  
Falls Church, VA 22046  
USA  
Office: 703-847-4700

Subject: Attestation Letter for Accreditation

To whom it may concern,

NCEE confirms that the accreditation lapse for FCC was not related to our testing capabilities. We were issued an extension on May 22<sup>nd</sup>, 2024 (Accreditation renewal was due on May 31<sup>st</sup>, 2024) by our Accreditation Body till August 31<sup>st</sup>, 2024 (now revised to May 31<sup>st</sup>, 2026). Please find the attached scope of accreditations for the period of testing.

Furthermore, it had no impact on the quality or accuracy of the testing services we provided during that time. We remain committed to maintaining the highest standards in our testing processes.

Please feel free to reach out if you need any additional information or clarity. Address and Phone number can be found on the letter head. Thank you for your understanding and continued partnership.
