

Label 1: OPS-8195A-4R64S

Model No : OPS-8195A-4R64S

Description : OPS-8195A

Power Input : DC 12-19V=36W

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAN ICES-003(B) / NMB-003(B)

IC : 21669-0001

FCC ID : 2BA840001

Guangzhou Lango Electronics Technology Co., Ltd.

Add : 15/F, Building B1, No. 11, Guangpu Road, Huangpu District, Guangzhou, Guangdong, P.R. China

Made in China / Fabriqué en Chine / сделано в Китае / Fabricado en China / Buatan China / 中國製造

Label 2: OPS-8195A-8R128S

Model No : OPS-8195A-8R128S

Description : OPS-8195A

Power Input : DC 12-19V=36W

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
