It can charge your phone, watch and earbuds at the same time. It helps keep your desk tidy and eliminates the clutter of power cords. The foldable design makes it easier to carry around. It provides magnetic wireless charging for Qi 2-compatible phones in both vertical and horizontal modes, with a maximum charging power of up to 15W. The max charging power for iP watches and iP pods are respectively 3W and 5W. The soft LED indicators won't disturb your sleep. With its smart chip and proper current distribution, the product won't cause any damage to your device. The temperature control function and PC+ABS fireproof material make it super safe to use.</p> <p>Function description</p> <ol style="list-style-type: none">After the device is powered on, the three blue indicator lights on the side will light up and remain constantly illuminated.When any device (phone, watch, or earphones) starts charging, the corresponding indicator light will turn off.When the device is fully charged, the indicator light remains off.If there is a device malfunction or foreign object detection (FOD), the indicator light will flash.	 x1	Wireless Charger	 x1	Data Cable	 x1	Adapter	 x1	User Manual

<p></p> <p>Safety Warning</p> <ol style="list-style-type: none">Do not put this product into fire or water to avoid short circuit, leakage or damage to the product.Please check the product, data cable and other accessories before use. Immediately stop using the product if you notice any damage.Do not use this product in a high temperature, humid or corrosive environment, so as not to damage the circuit and prevent charging or other problems.Do not contact the product with corrosive liquids, otherwise it will cause serious damage and the product safety can not be guaranteed.Do not disassemble or modify this product for any reason, so as to avoid secondary failure and burning, which is not covered by the warranty. <p>3.1101.624463.0000000</p>	<p></p> <p>This equipment complies with the provisions of Directive 2012/19/EU. It is strictly forbidden to dispose of this equipment with ordinary trash. It must be recycled. This symbol indicates that the product shall not be treated as regular domestic trash, and must be delivered to a recycling center that is capable of recycling electronic and electrical equipment.</p> <p> Warning Please follow the above safety instructions, otherwise it will cause fire, electric shock, damage or other injuries.</p> <p>3.1101.624463.0000000</p>	<p>FCC NOTE:</p> <p>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p> <p>This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:</p> <ul style="list-style-type: none">-- Rearrange or relocate the receiving antenna.-- Increase the separation between the equipment and receiver.-- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.-- Consult the dealer or an experienced radio/TV technician for help. <p>The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p> <p>This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator & your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.</p> <p></p>
