

# **Sindarin, Inc.**

To Whom it May Concern:

This letter is to confirm that Sindarin, Inc. will be using an e-label instead of providing general label information for the PageTurner remote (FCC ID: 2BAHC-PT1, ISED: 30424-PT1) and Sol Reader (FCC ID: 2BAHC-READER1, ISED: 30424-READER1). The e-label is accessible within three clicks of the software user interface and screens clearly detail all FCC and ISED numbers. Instructions on how to access the e-label are printed in the safety and warranty booklet included in each Sol Reader packaging set.

If we can provide any additional information on our e-label system, please don't hesitate to reach out.
