

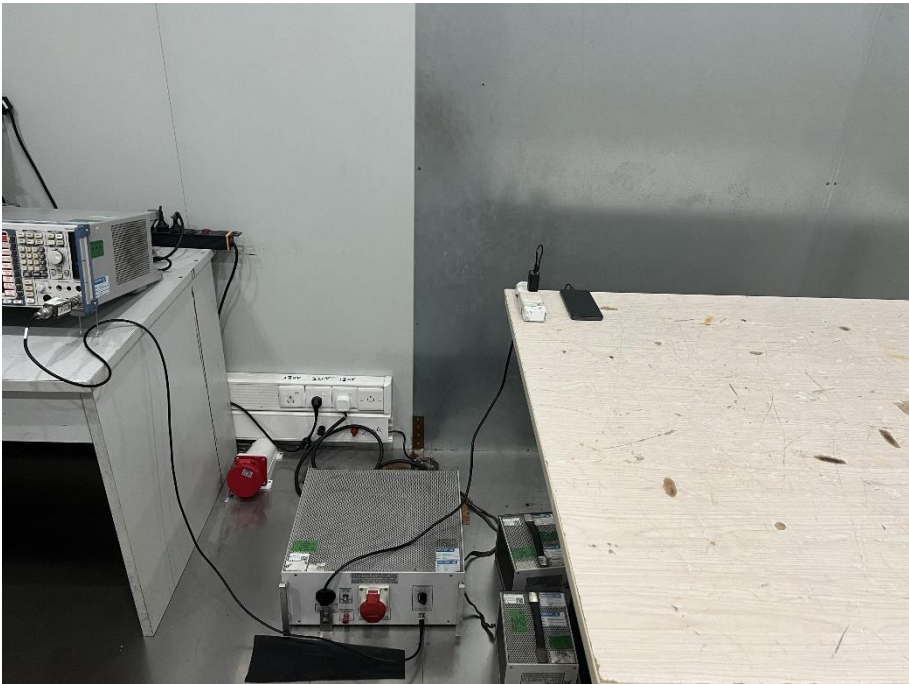

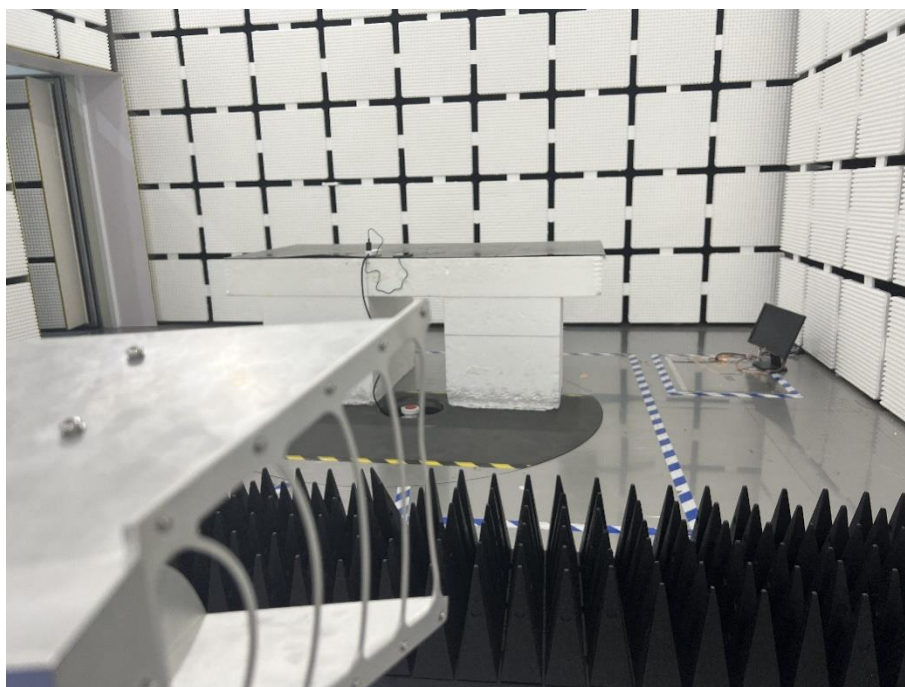

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing a conducted emission test setup. On the left, a piece of electronic equipment, possibly a spectrum analyzer or a power supply, sits on a white bench. A red power button is visible on the front of the equipment. To the right, a large, light-colored wooden table is partially visible. The background is a plain, light-colored wall.
Radiation Emission Test View (30MHz to 1GHz)	 A photograph showing a radiation emission test setup. The room is lined with white, pyramid-shaped electromagnetic interference (EMI) shields. A white, rectangular test fixture is mounted on a stand in the center of the room. A blue and white striped caution tape is placed on the floor around the base of the fixture. A laptop computer is visible on the floor to the right of the fixture.
