

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1	 A photograph showing the internal components of a mobile phone housed within its metal casing. A large yellow battery is the central feature, with a white label that reads "DIALN", "PLG456390", "4500mAh 17.325Wh 3.85V - Li-polymer Battery", and includes safety warnings and a barcode. To the right of the battery is a silver-colored metal component, possibly a SIM card holder or a small antenna, with the date "10/23/6/7" printed on it. The phone is placed on a blue textured surface, and a black ruler with white markings is positioned vertically and horizontally around it for scale.
Solder Board-Component View 1	 A close-up photograph of the internal circuit board components, showing various electronic components, connectors, and solder joints. The board is a complex, irregular shape with various components mounted on it. It is placed on a blue textured surface, and a black ruler with white markings is positioned vertically and horizontally around it for scale.
