

SilverMOVE can be connected to a designated Wi-Fi network through Mobile Application, which is using 2.4GHz Wi-Fi frequency band. Here are the steps of the setup procedures,

1. Preparation:

- (a) Download and install the Mobile Application, named "EspTouch: SmartConfig" from the Google Play Store for Android
- (b) Make sure your phone is connected to the 2.4GHz Wi-Fi network that you want the SilverMOVE to connect to
- (c) Press the Reset button and switch on the SilverMOVE at the same time
- (d) Turn off the power of SilverMOVE

2. Setting in the "EspTouch: SmartConfig" application

- (a) Open the "EspTouch: SmartConfig" application and key in the Wi-Fi password
- (b) Turn on the power of SilverMOVE and the blue light of the SilverMOVE will be flashing rapidly
- (c) Click the "Confirm" button in the "EspTouch: SmartConfig" application
- (d) Wait for around one minute until the blue light of SilverMOVE is flashing slowly

SilverMOVE peut être connecté à un réseau Wi-Fi désigné via l'application mobile, qui utilise la bande de fréquence Wi-Fi 2,4 GHz. Voici les étapes des procédures d'installation,

1. Préparation :

- (a) Téléchargez et installez l'application mobile, nommée "EspTouch : SmartConfig" à partir du Google Play Store pour Android
- (b) Assurez-vous que votre téléphone est connecté au réseau Wi-Fi 2,4 GHz auquel vous souhaitez que le SilverMOVE se connecte
- (c) Appuyez sur le bouton Reset et allumez le SilverMOVE en même temps
- (d) Éteignez SilverMOVE

2. Réglage dans l'application « EspTouch : SmartConfig »

- (a) Ouvrez l'application "EspTouch : SmartConfig" et saisissez le mot de passe Wi-Fi
- (b) Allumez SilverMOVE et le voyant bleu de SilverMOVE clignotera rapidement
- (c) Cliquez sur le bouton "Confirmer" dans l'application "EspTouch : SmartConfig"
- (d) Attendez environ une minute jusqu'à ce que le voyant bleu de SilverMOVE clignote lentement

Federal Communications Commission Notice

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Canada-Industry Canada (IC)

This radio transmitter has been approved by Industry Canada.

This Class B digital apparatus complies with Canadian standard ICES-003. This device complies with Industry Canada License exempt RSS standard(s).

Operation is subject to the following two conditions.

this device may not cause interference and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Industrie Canada (IC)

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. AVIS

Déclaration d'exposition aux radiations:

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.
