Battery

F112 Pro is included an internal battery.

You can track your battery status with the icon showed on the top right of the screen. As microwave ovens, stoves, or radiators, batteries may explode when overheated.

- Use only F112 Pro approved batteries specifically designed for your phone. Incompatible batteries can cause serious injuries or damage to your phone.
- Never place batteries or phones on or in heating F112 Pro , such as microwave ovens, stoves, or radiators. Batteries may explode when overheated.
- Turn your F112 Pro off and do not remove its battery or charge the battery when in an area with a potentially explosive atmosphere. Sparks in such areas could cause an explosion or fire resulting in property damage, bodily injury or even death. Do not use the F112 Pro near at a refueling point (service station) or near fuels or chemicals.
- Keep your F 112 Pro away from moisture. If water or other liquids get into F 112 Pro , it will cause F112 Pro overheating, leakage of electricity and malfunction.

Warning

The rechargeable batteries contain toxic heavy metals like mercury, cadmium, and lead. Improperly disposed batteries will cause heavy metal contamination. These batteries when discarded in ordinary household or workplace, after a long time, the heavy metal will leach slowly into the soil, ground water and surface water. Therefore, please dispose of used battery in a proper way.

- Do not land filled, because the heavy metal will leach slowly into the soil, ground water and surface water.
- Do not incinerate, because the heavy metals can enter the air through smokestack emissions and can concentrate in the ash produced by combustion.
- Do not compost, because the heavy metals in the compost may exceed standards.
- Do not throw away used batteries random, avoiding environmental pollution.
- Separate wasted batteries from household trash, reducing its harm to the environment.

Basic parameters

Display:	6.88" HD+IPS Display
Operating System:	Powered by Android™
Processor:	2*Cortex -A76 2.4GHz 6*Cortex -A55 2.0GHz

Smart Phone

Operating Temperature: -10° C to 40° C.

This F112 Pro complies with part 15 of the FCC rules.

Operation is subject to the following two conditions: This F112 Pro may not cause harmful interference, and this F112 Pro must accept any interference received, including interference that may cause undesired operation.

This F112 Pro has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connecting the equipment to a socket on a circuit different from that to which the receiver is connected.
- Contact with the provider or a radio / TV technician for help. an approved antenna.

Pecific absorption rate (SAR):

This mobile phone meets the government's requirements for exposure to radio waves. The guidelines are based on standards developed by independent scientific organizations through periodic and thorough evaluation of scientific studies. The standards include a margin of safety designed to ensure the safety of all people regardless of their age or health.

This F112 Pro was tested for typical body-worn operations. To comply with RF exposure requirements, a minimum separation distance of 0mm must be maintained between the user's body and the handset, including the antenna. Third-party belt-clips, holsters, and similar accessories used by this F112 Pro should not contain any metallic components. Body-worn accessories that do not meet these requirements may not comply with RF exposure requirements and should be avoided. Use only the supplied or an approved antenna.

Note: Do not use the mobile phone if it has a damaged antenna, as it may cause injury to persons.

In addition

- Use careful with the earphone maybe possible excessive sound pressure from earphones and headphones can cause hearing loss.
- CAUTION : Risk of explosion if battery is replaced by an incorrect type.
- The product shall only be connected to a USB interface of version QC 3.0
- Adapter shall be installed near the equipment and shall be easily accessible.
- The plug considered as disconnect F 112 Pro of adapter.
- The F 112 Pro complies with RF specifications when the device used at 0mm from your body.
- Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Care and maintenance

Your F 112 Pro is a product of superior design and craftsmanship and should be treated with care. By following the warranty obligations and by caring for your mobile, you can enjoy it for many years:

- (1) Keep the F 112 Pro dry. Precipitation, humidity and liquids containing minerals will corrode the electronic circuits;
- (2) Do not use or store the F 112 Pro in dusty areas as the dust could obstruct or damage the moveable parts;
- (3) Do not store the F112 Pro in hot areas. High temperatures can shorten the life of electronic F 112 Pro , damage batteries and warp or melt certain plastics;
- (4) Do not store the F 112 Pro in cold areas, because moisture can form inside the F 112 Pro when temperature rises, which may damage the electronic circuits;
- (5) Use only approved batteries and accessories. Use of any unauthenticated batteries and accessories could damage your F 112 Pro and may be dangerous;
- (6) If there's something wrong with your F112 Pro or its accessories, do not attempt to dismantle the F 112 Pro . Contact qualified service personnel to repair your F 112 Pro .

Warranty Card
