

Difference Statement

We Shenzhen Kaida Technology Co., LTD Claim that we are applying for FCCID certification for products: Tablet PC, with many models: K110, D116, D118, D115, D101, D102, D105, D106, D718, D716, D136, D138

The motherboard circuits, such as BOMs and PCBs, are consistent, but there may be differences in configuration (memory size, display screen size, etc.), resulting in different models, or the models may be different because of different customer requirements, but these differences will not affect the EMC/RF performance of the products themselves, so the test model is K110

Name: Weimeng Luo

Date: 2023-04-25

Title: manager

Signature of applicant

A handwritten signature in black ink that appears to read "weimeng Luo".
