## 2. Instructions pour la télécommande :

## How to Change the Battery of the Remote Controller

Open the battery compartment and install two 7#AAA 1.5V batteries

## 3. Technical Parameters:

1. Power: 2x4W;
2. Lifetime: 20,000H;
3. Power Supply AC: 100-240V, 50/60Hz;
4. Material: ABS Plastic;
5. Beam Angle: 180 Degrees;
6. CCT: RGBW;
7. Control Mode: Voice-activated, Auto, Flash/Music;
8. Remote Power: 7#AAA Battery (No Included);
9. Waterproof: No;
10. Power Cord: 3.94ft 1.2m;
11. Remote Control Range: 16.4ft/5m;
12. Illuminated Area: 107.6-161.5sq.ft/10-15m;
13. Product Weight: 0.882lb/0.4kg;
14. LED Quantity: 2 LEDs;
15. Green Light: 532nm, 10mW;
16. Warranty: 12 Months.

17. Product Dimensions: 6.69 x 5.43 x 4.57inch/17 x 13.8 x 11.6cm..

## 18. Package Included:

- 1\* Astronaut Star Projection light Head;
- 1\* Astronaut star projection body;
- 1\* USB cables;
- 1\* Remote control;
- 1\* User manual

## 4. Safety Tips

1. Please ensure that the power is disconnected and switched off before installation and maintenance.
2. The projection lamp is intended for indoor presentations, please do not use this product in high temperature environments, do not work for long periods of time in high temperature environments.
3. Care should be taken to keep this product away from water when using and maintaining it; if you are using it outdoors take precautions to prevent water ingress.
4. Personnel carrying out installation, operation and maintenance should be familiar with the product. Service personnel must be familiar with the operation of the repair. The repairer must be familiar with the operation of the repair. Improper use can result in damage to the product.
5. Do not look at the lighting unit for long periods of time. Staring at the illuminator for long periods of time can cause eye injury.

## 5. After-sales service guarantee

This product is guaranteed for a period of 12 months from the date of purchase. If you have any problems or questions when using this product, please contact us if you have any problems or questions.

Note: When contacting our service department, it is best to use the order ID with detailed instructions. If possible, please provide a description or photo when contacting our service department.

## 6. Warranty

1. During the warranty period, we offer the following service: A refund or free replacement for those who have used the product as specified. Follow the user manual of the product.
2. The warranty does not cover:
  - (A) Faulty damage or alteration caused by misuse, repair, or modification.
  - (B) Malfunction or damage caused by dropping.
  - (C) faults or damage caused by fire, earthquake, lightning, humidity, and other causes.
  - (D) Failure or damage caused by misuse.
  - (E) Failure or damage caused by third-party products, not related to the product.

FCC Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device

must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

—Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
