

Original H1E Heavys Certification

This is to certify that these earbuds are an original pair of Heavys.

Your support is the driving force that helps bring our audio vision to reality!

We thank you for your dedication to the community and for believing in us.

Keep rocking and welcome to Heavys family!

Left earbud music mode *

Important Safety Instructions

Please read all instructions before using your HEAVYS H1E True Wireless Earbuds:

1. Keep small parts away from children and pets to avoid accidental ingestion.
2. Do NOT use the earbuds at high volume for extended periods.
3. To prevent hearing damage, start at a low volume and gradually increase to a comfortable level.
4. Do not use earbuds when operating a vehicle, riding a bicycle, or using machinery, as reduced awareness may pose a safety risk.
5. These earbuds reduce ambient sounds. Use with caution in environments where awareness of surroundings is important.
6. Follow all local laws when using earbuds for phone calls while driving. Some regions require the use of a single earbud.
7. Do not drop, insert, or immerse the earbuds or charging case in water.
8. Use only certified power supplies compliant with local regulations (e.g., UL, CSA, VDE, CCC).
9. Avoid using chargers or adapters from unverified sources, as this may cause injury or fire.
10. Do not use damaged or modified earbuds or batteries. Doing so can result in unpredictable behavior, including risk of fire or explosion.
11. Do not attempt to disassemble the earbuds or case. Improper reassembly may lead to fire or injury.
12. Do not expose the earbuds or case to open flame or high heat (over 55°C / 130°F).
13. Service should only be performed by qualified personnel using identical replacement parts.
14. This product contains magnets. Consult your physician if you have a pacemaker or implantable medical device.
15. Do not make unauthorized modifications to the product.

For questions or assistance, contact us at support@heavys.com.

Regulatory Compliance – FCC & ISED (1/3)

FCC Compliance (U.S.)

This device has been tested and complies with the limits for a Class B digital device under Part 15 of the FCC Rules. These limits are designed to offer reasonable protection against harmful interference in residential environments.

This device may generate, use, and radiate radio frequency energy. If not installed and used as instructed, it may interfere with radio communications.

If interference occurs:

- Reorient or relocate the receiving antenna
- Increase the distance between device and receiver
- Plug the device into a different outlet
- Contact an experienced radio/TV technician

Changes or modifications not expressly approved by HEAVYS Inc. will void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules and ISED license-exempt RSS standards.

Operation is subject to these two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Radiation Exposure Notice:

This device meets FCC and ISED RF exposure limits for the general public. It must not be co-located with or used alongside other antennas or transmitters.

Regulatory Compliance – NCC(Taiwan) (2/3)

Management Regulation for Low-Power Radio-Frequency Devices (Taiwan):

- **Article XII:**

Without approval from the NCC, no party may modify frequency, increase transmission power, or alter the characteristics and performance of certified low-power radio-frequency devices.

- **Article XIV:**

These devices must not compromise aircraft safety or interfere with lawful communications. If interference occurs, the user must cease operation immediately until resolved.

Devices must also tolerate interference from legitimate communications and ISM (industrial, scientific, and medical) equipment operating under local regulations

 HEAVYS Inc. hereby declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU and all other applicable EU directive requirements.

The complete declaration of conformity can be found at:

<https://www.heavys.com/support/declaration-of-conformity/>

For Europe:

- Frequency band of operation: 2400 to 2483.5 MHz
- Bluetooth: Maximum transmit power less than 20 dBm EIRP
- Bluetooth Low Energy: Maximum power spectral density less than 10 dBm/MHz EIRP

Regulatory Compliance 3/3

Do **NOT** attempt to remove the rechargeable lithium-ion battery from this product. For service or exchange, contact HEAVYS Inc. at **support@heavys.com** or a qualified specialist.

Please dispose of used batteries properly, in accordance with local regulations.
Do not incinerate.

This symbol means the product must not be discarded as household waste and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling help protect natural resources, human health, and the environment.

For more information about disposal and recycling of this product, contact your local municipality, waste disposal service, or the shop where you purchased the product.

Battery removal should be done by a qualified professional only.

簡易EU適合宣言書

ここに、Heavys Inc.は無線機器の種類 [モデル: H1E] が指令2014/53/EUに適合していることを宣言します。EU適合宣言書の全文は以下のインターネットアドレスでご覧いただけます: heavys.com/product-documents

EN:

This device contains licence-exempt transmitter(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

FR:

Cet équipement est conforme aux limites d'exposition aux rayonnements de la FCC et de l'ISED établies pour un environnement non contrôlé. Cet émetteur ne doit pas être colocalisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. L'appareil ne doit pas produire de brouillage ;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
