

M18

WIRELESS SPEAKER USER MANUAL

Model: M18

Wireless Speaker System Characteristics

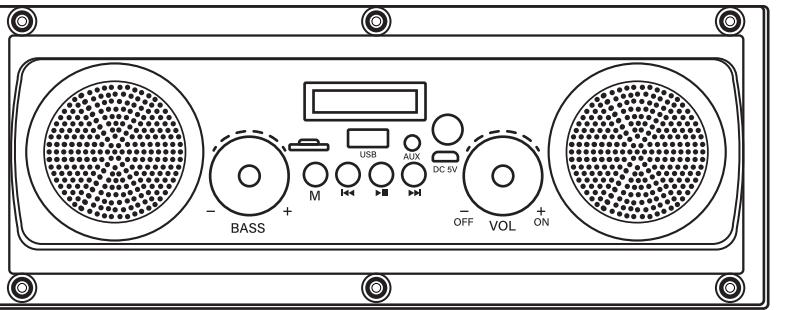

1. Play mp3 files from your memory card or USB (not included). Maximum supported memory size is 16 GB.
2. Easy to use high fidelity audio with different play modes.
3. FM Radio, Stereo, High fidelity audio.
4. Auxiliary output for mobile devices. Search for M18 when the speaker is on.
5. On/Off Switch.
6. Play/Pause/Forward/Back controls.

Charging The Speaker

Before using the radio player for the first time, place the rechargeable lithium-ion (bl-5c) in the battery compartment on the back of the device. Connect one end of the USB cable to your computer or USB wall charger (not included) and connect the other end to the DC 5v input on the unit.

The battery needs to be charged for 3-4 hours.

Do not charge for more than 4 hours, if you exceed the 4 hour charge time you will shorten the life of the battery.

1. ON/OFF: Turn the unit on and off.
2. TF: Play MP3 and WAV audio files.
3. USB: Play MP3 files from USB drive (16 GB Max capacity).
4. PREV/VOL -(◀◀): Return to the previous track and lower the volume.
5. PLAY/PAUSE (▶▶): Play, pause or resume playback of audio file.
6. NEXT/VOL +(▶▶): Skip to the next track and increase the volume.
7. MODE: Select your playing mode (USB, TF, RADIO FM, AUX). Press the button until you reach your desired play mode.
8. DC 5V: Charge the battery when a micro USB cable is connected to a computer or USB charger. An LED will light up when connected.
9. AUX: External audio input. The aux port can be connected to computers, mobile devices, or any device with a 3.5 mm jack.
10. BASS: Control knob to adjust the bass level.

Listen to FM Radio Stations

1. Press the MODE button on the device or use the remote control to enter FM mode. Completely extend the telescopic antenna to get the best radio signal possible.
2. Long press the PAUSE button to enter the automatic scan mode and the unit will find and save the frequencies with the best signal strength available on your location.
3. Once all the frequencies have been found and saved, use the (VOL-)◀◀, (VOL+)▶▶ on the control panel to change from stations. You can also use the remote to switch stations.

NOTE:

Avoid contact with water.

This product is not designed to be operated by children.

If you find external or internal damage on the unit do not use this product.

Avoid hitting the product.

Do not expose to direct sun light.

FCC STATEMENT

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.
