

## Users Manual

Remote Controller

Model No:ZSJ-1708-01

Parameter:

Input:DC3V, Working current $\leq$ 15mA, quiescent current $\leq$ 3uA;

Transmission frequency:433.92MHz

Shell temperature resistance value: $\leq$ 60℃

antenna gain:2dBm

Dimension: 142\*50\*7mm

### FCC Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:--Reorient or relocate the receiving antenna.

--Increase the separation between the equipment and receiver.

--Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

--Consult the dealer or an experienced radio/TV technician for help.

MODIFICATION: Any changes or modifications not expressly approved by the grantee of this device could void the user's authority to operate the device.

### IC Statement:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1: This device may not cause interference.

2: This device must accept any interference, including interference that may cause undesired operation of the device.

L' émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d' Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L' exploitation est autorisée aux deux conditions suivantes :

1. L' appareil ne doit pas produire de brouillage;

2. L' appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d' en compromettre le fonctionnement.

### ICONS

### Operational matters

- 1.Press the light on and off
- 2.Power on within 10 seconds, long press the code for 3 seconds

Press the switch fan

Short winter/Summer mode: Convert winter/summer mode

Can be set for 1,2,4 hours  
Short press the timing, 1H corresponds to 1 hour, 4H corresponds to 4 hours...  
The timing can only be canceled by shutting down the fan

Increase and decrease wind speed for 6 gears

1. Long press the dimmer key "+"

Electrodeless dimming is performed. The brightness can be increased slowly until the maximum brightness is reached (4s time from lowest to highest)

2. Press the dimmer key "+" to step dimming

Increase brightness by gear to maximum brightness, for a total of 8 stops.

1. Hold down the dimmer key - to perform endless dimming. Can slowly reduce the brightness to the lowest brightness

2. Press the dimmer key "-" to step dimming

Reduce brightness to maximum brightness by gear, 8 stops in total

Press the corresponding key to adjust the color temperature of the light
