

Manufacturer name: GUANGZHOU HEYGEARS IMC. INC

Manufacturer address: BLOCK B2,501,601,ENTERPRISE ACCELERATOR KAIFA DISTRICT, GUANGZHOU,CHINA

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20cm between the radiator and your body.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

AUTION RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE.

DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS

Do not disposal of a battery into fire or a hot oven, or mechanically crushing or cutting of a battery, that can result in an explosion;
Do not leaving a battery in an extremely high temperature surrounding environment that can result in an explosion or the leakage of flammable liquid or gas

Do not expose the battery to extremely low air pressure that may result in an explosion or the leakage of flammable liquid or gas

WARNING

UV emitted from this product.

Avoid eye and skin exposure to unshielded product.

Name	UltraCraft Rapid Production System	Input	100-240VAC,50/60Hz
Model	UltraCraft A2D HD	Weight	41.6kg
Dimensions	414x380x822mm	Power	340W

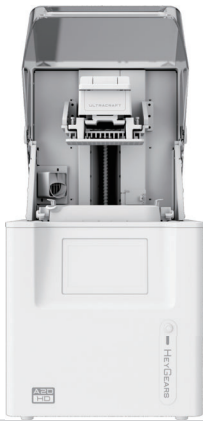

2 Components

- Hood-----①
- Platform lock-----②
- Build platform-----③
- Switch-----④
- Indicator-----⑤
- HeyCard slot-----⑥
- USB port-----⑦
- Touch screen-----⑧
- Resin tank locks-----⑨
- Thermostat-----⑩

3 Installation

3.1 Installation Requirements

After removing from packages, position A2D HD on a level, stable table (load-bearing > 80kg).

 100-240 V power socket nearby.

 Away from direct sunlight.

Temperature & Humidity controlled at:

 20 ~ 25°C  <50%

3.2 Starting Up

- STEP 1
- Connect the power cord and turn on ⑫Power switch. For your safety:

A. If you're using wired network, please connect the network cable BEFORE turning on the power switch;

B. If you're using Pulsing Release Module (and HT Resin Tank), please connect the module (to both Pulsing air path port and Pulsing COM) BEFORE turning on the switch.

STEP 2

Press on ④Switch to start the device. Wait until ②Platform lock rises to the initial position, follow the instructions on ⑧Touch screen to finish the initial settings.

3.3 Setting Up Accessories

STEP 1

Put on disposable protective gloves, peel off the glass protector on the projection glass, and take out the resin tank and the build platform from their packages. Refer to Chapter 6 to clean the projection glass, the resin tank, and the build platform, and then install the resin tank and the build platform onto the printer.

STEP 2

Lift ③Resin tank locks, put on the resin tank, and press down the locks to lock the tank.

4 Printing

4.1 Adding Resin Material

STEP 1

Take out the HeyCard of the resin bottle to use, and insert it into ⑥HeyCard slot on the printer.

STEP 2

Shake the bottle, and pour its resin into the resin tank (to between Min. and Max. marks).

4.2 HeyGears Cloud Binding and Pre-processing

STEP 1

Please bind the device on HeyGears Cloud (Obtain the website address at Settings > NETWORK > HeyGears Cloud on the device), after which you might perform pre-processing and send jobs to the device on HeyGears Cloud. For detailed procedures, please refer to the instructional video (scan the QR code on the last page for further information).

STEP 2

3D-Printing

Notice: AVOID directly looking at the UV light and wear protective goggles when necessary.

STEP 3

Prints Removal

- ① Printing finished, put the provided Collection Tray on the resin tank, and hit [Remove prints] on the touch screen;
- ② Removing finished, remove the tray with prints, and check and make sure there is no residue or foreign matters on the build platform.

5 Upgrade

A2D HD features a premium 4K Mode, offering more advanced functions and exclusive privileges. Get a free trial on the printer's homepage to experience ultimate enjoyment! For more details, please contact your vendor.

6 Daily Maintenance

STEP 1

Calibration

STEP 2

Build Platform Cleaning

STEP 3

Resin Tank and Projection Glass Cleaning

- 1 Remove the resin tank, and put it on lint-free cloth. Clean the resin with the cloth and IPA/alcohol, and then let it naturally dry in a well-ventilated area.
- 2 Spray some glass cleaner onto the surface of the projection glass, and wipe the glass in one single direction with lint-free cloth until clean.

STEP 4

Resin Tank Film Module Replacement

7 Repairs and Latest Quick Start

Repairs should be carried out by HeyGears or agencies with HeyGears' authorization. Please refer to the Warranty Card for warranty policies.

Should you have any questions or concerns regarding the product, our dedicated service team stands ready to assist you.
