Portable Wireless Speaker Operation Manual

Thank you for purchasing this Mini Wireless Speaker.
Please read all instructions carefully before using and
retain this manual for future use and reference.

BUTTON FUNCTIONS:

- ❶ Mode key(switch to Bluetooth/TF card/FM mode)
- ❷ Previous song/ previous radio/turn down volume when press long
- ❸ next song/next radio/ turn up volume when press long
- ❹ Pause/ play press twice to ring up a call/ press once to answer a call/search radio when press long

*Insert the USB disk into the USB port , you can play the music from the USB disk

PAIRING THE SPEAKER:

1. Please ensure the speaker is turned off. The speaker will not pair unless it is first turned off.
2. Turn on the speaker again. Once the blue LED light is flashing, the speaker is ready to pair.
3. Place the speaker and the Bluetooth device to which you would like to pair within the operating distance. We recommend keeping the two devices no further than 8m.
4. Ensure Bluetooth is enabled on your phone or music device.
5. Once you have activated the Bluetooth on your device, search and select the name AVATAR-SPEAKER from the list of available pairing options. (To avoid signal interference, please turn off other Bluetooth devices.)
6. Once the speaker is paired with the desired device, it will remember and pair it automatically.

CHARGING THE SPEAKER:

1. The speaker comes with a built-in rechargeable battery. Before use. charge the battery fully with the supplied cable.
2. Connect the USB cable to a computer USB port and the Micro USB plug to the charging port of the speaker. The red LED light will illuminate while the speaker is charging.
3. A full charge of the battery takes around 1 hours. Once fully charged the red LED light will turn off.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

The devices has been evaluated to meet general RF exposure requirement , the device can be used in portable exposure condition without restriction
