Test Setup	Conducted measurement (Front side)
	 A photograph showing the front side of a test setup. A wooden table is positioned in front of a large, transparent, rectangular enclosure. On the right side of the table, there are two small electronic components connected by wires. The background is a plain, light-colored wall.
Test Setup	Conducted measurement (Side)
	 A photograph showing the side view of the test setup. The wooden table is on the right, and the transparent enclosure is on the left. Various electronic components, including a power supply unit and a small circuit board, are visible on the floor inside the enclosure. Wires connect these components to the table. A black strap is also visible on the table.
